

Having travelled the world over the last 20 years I have studied new flavors, and quality ingredients paired with great presentations to ensure that I bring together all the best of what I have learnt into this specially curated cocktail menu.

Italy is where I found the combination of the most important attributes to bring this together; design, fashion, love and craftsmanship, the attention to detail makes every drink an experience.

Satisfying taste and vision with colors, ingredients, flavors and fragrance added to great professionalism makes our cocktail list truly unique.
